

Plan For Munitions Control
Pierre Flandin Secures Support
Germany Strongly Re-armed?
Hitler Faces Food Problems
United States Jobless Insurance

Stanley Baldwin, leader of the Conservative party in the British House of Commons, has apparently won a good measure of support among all classes of the British people through his plan to control the munitions trade of the world. His plan is that the League of Nations shall have the power to stop traffic in armaments, and shall act as a police force. Recent debates in the House of Commons show that all the parties are in favor of limiting war weapons, and that they differ only in principle from one another. The Labor opposition, however, that private manufacture of arms be abolished, was defeated by a large majority, but this does not mean that the other parties are not in favor of limiting munitions. Laborites and the Liberals stand for state manufacture and the Conservatives for state "control." The conference between delegates of Japan, the United States, and Great Britain is still in session, and the British Prime Minister, Ramsay MacDonald, has declared that he is hopeful that the Japanese will modify their demands before the discussions close. So far they have been standing by their original demands, but the arguments of the other delegates are said to be having some effect with the stubborn Orientals.

The new government of France, headed by Pierre Etienne Flandin, has it seems, gained the confidence of the Chamber of Deputies for a time at least, and some action on the pressing problems confronting the government is looked for. The government seems certain of support in all quarters of parliament, except from the extreme conservatives, the center, and some of the left wing socialists. The standard peace policy of all governments in France for the past few years, that of standing by the League of Nations and defending it, and of the firm resolve to defend the borders of their country, will continue to be the main policy. Some moves may take place to release France from the economic straits of the last few years, and a more liberal gesture with regard to industry, are among the other policies of the new government.

Secretary of State Cordell Hull, of the United States, is to be the spearpoint of a new crusade for peace throughout the world, as the U.S. pledges its help in the cause of world peace. The new and vigorous measures to be taken by Mr. Hull are designed in part to offset the gloomy and disturbing news from the informal talks in London between Japan, Great Britain, and the United States.

Starting figures on the alleged rearmament of Germany since the Versailles treaty were openly scoffed at by the heads of the third Reich, when given to the French Chamber of Deputies this week by Leon Archimbaud, the war deputy reporter. He reported that in a few months Germany will have its military and naval forces up to the level of pre-war Germany, and that the heads of the country do not intend to stop at that mark, but intend to reach much higher strength before they are satisfied. Archimbaud said that the active forces now comprise 480,000 men, 300,000 in the Reichswehr or regular army, 100,000 military trainees and 80,000 auxiliary troops. He reported that next year Germany will have a force of 600,000 men and will be capable of putting 5,500,000 men into any war zone in the course of a few weeks.

The government of France has rejected as absolutely unfounded the assertions of the German Reich that French troops are unable to police the Saar in the event of an emergency arising. The French Foreign Minister has answered the reasons advanced by the German Ambassador as to why French troops should not enter the Saar, and they have indicated that if any need arises for entering this territory, they will do so without hesitation. The Reich also claims that if the French cross the Rhine they will be violating the Locarno and other treaties.

Many official warnings to the German people not to try and hoard foodstuffs are appearing in all German papers, as the first step towards an intensive drive by the government to stave off food shortages in the coming winter. One of the most hotheaded of all the German elements, the housewives, who are finding that even if the price has not advanced materially, the quality of some goods offered is not nearly as good as a year ago. Official figures on the cost of living state that there has been a general rise in all commodities of about 4 1/2 per cent. Other sources say that the rise is much greater than the official figures indicate. One of the most unfortunate parts of the whole situation is that the German farmer is not getting his fair share of the rise in prices, as now he is forced to deliver his produce to different central organizations, and he is not free to sell what he grows when and where he likes.

Unemployment insurance of a co-operative Federal State form is one of the latest of a group of new moves by the United States President, Franklin D. Roosevelt, designed to make life more secure in that country and so to aid the return of prosperity. Other points in the program include a general drive to get more people employed, a uniform system to provide for the aged, and provision against economic loss by the individual through sickness. Mr. Roosevelt did not explain his proposition further, but it is believed that the money necessary to finance the scheme will be on a three-way contributory basis, with the government, the individual, and employer all aiding.

The new experiment of the Italian Fascist corporate state, was formally launched this week by Benito Mussolini, when 22 Fascist corporations were started along their way. This move is regarded as one of the most important steps yet taken by the Dictator of Italy. Representatives of employers and workers, technical experts, government, and military and women heads of industry were represented at the conference, and the most minute details of their organization were gone over by Mussolini.

VERNON, B.C., THURSDAY, NOVEMBER 22, 1934

\$2.50 Payable in Advance

Haskins, Barrat, and Hembling Are Elected As Members Of Fruit Board At Convention

Cabinet Choice

THE HON. GROTE STIRLING, M.P.

MEMBER FOR YALE ENTERS CABINET IN DEFENSE POST

Grote Stirling Honored By Premier Bennett During Portfolio Changes

Grote Stirling, representing the riding of Yale in the Dominion Parliament, has entered Premier Bennett's cabinet as the Minister of National Defense and Acting Minister of Fisheries, following a re-arrangement of portfolios consequent to the resignation of H. T. Stevens.

Mr. Stevens' post as Minister of Trade and Commerce has been assumed by R. B. Hanson, the member for York-Suburban.

Mr. Stirling attended a cabinet council for the first time on Saturday afternoon of last week, co-incidental with the announcement of his elevation.

The honor that has been paid this riding in the choice of Mr. Stirling was anticipated by many observers. The representative of Yale since 1924, when he successfully contested the by-election caused by the death of the sitting member, J. A. McKelvie, he has year by year won for himself an ever increasing measure of respect and admiration at the Dominion capital.

He has built up one of the largest and finest orchard properties in the valley, during the time of his residence here, and the Okanagan's problems are his own.

A forceful speaker, with strong views on problems affecting the welfare of his district and province, he has always commanded particular respect among his people of this valley and the Pacific province generally, but more recently he has won a strong following in the east.

In this connection it is interesting to note that the Montreal Standard in its issue of November 3 last, said: "In the House Mr. Stirling is highly esteemed and respected, and members of all parties retain their seats when he rises to speak on matters pertaining to the Pacific province."

VOLLEYBALL MAY NOT BE PLAYED

Meeting Called For Monday Night To Decide Action To Be Taken

Volleyball seems to have fallen on evil days in Vernon. At the annual meeting the players did not "cotton" to the idea that players should be classified as to ability with captains chosen to lead them, thus ensuring even competition. They decided that as in the past, players should form teams and these teams would compete. Unfortunately only three teams made entries. Last week an appeal was broadcast for persons who wanted to play to register. The registration did not prove to be sufficient to form even a fourth team.

President Harris has been confined to his home, was in fact confined there at the time of election and at a conference with Secretary James A. Brown on Tuesday night, announced his resignation, because of inability to carry on.

On Monday night in the Board of Trade room there will be a meeting of volleyball players. At this meeting the resignation of the President will be received and a further effort will be made to revive volleyball in Vernon.

Haskins Chosen Chairman By Grower-Delegates Meeting At Kelowna

Salaries Fixed At \$3,000 Per Annum

No Other Nominations Offered—Many Topics Debated In All-Day Sessions

Twenty-six delegates bearing, in effect, a total of 1,968 proxies from "registered" fruit growers in the whole area from Kamloops to the Kootenays, met in convention in Kelowna on Tuesday, and elected W. E. Haskins, G. A. Barrat, and O. W. Hembling as the members of the B. C. Tree Fruit Board.

No other names were placed in nomination against these three men, who, since last September, have been directing the operations of the Board as the provisional appointees of the Dominion Marketing Board at Ottawa.

As a result of the fact that the elections were by acclamation, there was no balloting by the delegates on the choice of the personnel of the Board. Later, however, there was balloting on the question as to which of the three members should be the chairman, each having been nominated to this post, and the outcome was that Mr. Haskins was declared to be the chairman of the Board.

By a ruling of the convention chairman, E. B. Hemmingsham, of Kamloops, at the request of the other delegates, the actual figures in the balloting were not divulged to the press, but it was indicated that Mr. Haskins received a very decisive majority.

The salaries of the Board members were fixed by the convention at a rate of \$3,000 per year, up until the end of May of next year, when according to the scheme governing the operations of the Board, another election will be held.

Mr. Hembling's position on the Board, according to a blanket resolution adopted by the delegates, will be contingent upon his resignation as President of the Vernon Fruit Union, to which, however, he has indicated his willingness.

The resolution endorsed, though not without lengthy debate, and some dissenting voters, was "that no member of the B. C. Tree Fruit Board shall hold office in any other fruit shipping or selling organization."

James Goldie, of Okanagan Centre, while agreeing that restrictions might be placed upon a member of the Board's affiliations with "selling" organizations, stated that no fault should be found with a member's serving on a packing firm's board. "It is a mistake," he declared, "to separate a member from contact with the practical end of the industry just as soon as you appoint him."

Other speakers, however, expressed the belief that it would be impossible for a member to carry on dual duties satisfactorily, and that restrictions as proposed would remove the danger of any friction between different interests.

Following a technical adjournment, the convention re-convened as a meeting called under the auspices of the Provincial Marketing Act, and named the three members who were elected earlier under the Dominion legislation, to carry on the work of a provincial marketing board. Both boards, which are of course in effect really one, will be known as the B. C. Tree Fruit Board, and the secondary election was merely to satisfy legal requirements.

Barrat In East
Mr. Haskins and Mr. Hembling, though absent during the election sessions, and a proportion of the discussions, returned later and took a prominent part in many of the debates, but Mr. Barrat was absent, having left for Ontario for business.

This visit to the east was one of urgency, on matters that were to be laid before the Dominion Marketing Board and on others affecting the Fruit Export Board, but there was some criticism voiced.

A. D. Heriot, of Coldstream, who was very active in many of the discussions, particularly during the election sessions, stated that the absence of one of the members of the Board at the time of the election, and declared that if Mr. Barrat could not avoid going east that the alternative of postponing the convention should have been adopted. "It is rather a want of respect to the growers," he asserted.

Mr. Haskins and Mr. Hembling both addressed the delegates briefly at the commencement of the convention at 10 o'clock in the morning, giving routine explanations of the manner in which, according to the scheme, the elections should be conducted.

Should Press Come In?
Following the appointment of Mr. Hemmingsham to the chair, and the selection of G. S. Squires, of Nelson, as secretary, there was a rather lengthy debate on the question of admitting the press. More or less as a compromise between differing opinions, it was finally agreed that the press representatives should be allowed to stay, provided that the chairman could rule as to whether matter under discussion could be reported or not.

Robert Oheynne, of Glenora, was among those who favored excluding the press during the course of an "informal" discussion, when "Frank views" could be aired, while W. G. Baskin, of Penticton, and others, repudiated the suggestion, stating that "there is nothing to be brought up here which the growers and the public shouldn't be fully acquainted with, through the medium of the press."

One of the first matters discussed was with reference to salaries to be paid by the Board. Mr. Heriot's statement, "the days of big salaries are past," was evidently the opinion of the majority, but it was felt that the present remuneration of the Board members, which is \$250 a month, was by no means unreasonable, and a resolution to continue this rate was endorsed unanimously.

There was, however, some consideration of the salaries paid

Women Hear Of "Last Frontier"

Vast Potentialities Of North-West Territories Described By Richard Finnie, of Ottawa, Before Women's Canadian Club Audience—Splendid Motion Pictures Depict "The Land of the Igloo Dwellers"

A thrilling story of the modern pioneers of the North-West Territories, described as "Canada's Last Frontier," was unfolded before a large audience of members of the Women's Canadian Club in the National Ballroom on Thursday night of last week by Richard Finnie, F.R.G.S. of Ottawa.

During the course of an hour and a half, in an excellently illustrated lecture, with the best motion pictures of the far north of this continent yet seen in Vernon, the most interesting features of each of the pictures were explained in detail.

The announced subject was, "The Land of the Igloo Dwellers," but as his latest pictures of the Arctic and sub-Arctic were available, they were used also.

During the lecture a confident belief was expressed that in the very near future, the immense resources of the far north, particularly around the Great Bear Lake region, will bring untold wealth to Canada, "and the eventual establishment of a chain of cities across this part of the Dominion, that in time will form the nucleus of a new empire."

The film shown was part of that taken this past summer on a trip from Edmonton, down the Mackenzie River, up the Great Bear River and into Great Bear Lake, and across the mining camps of the north.

The terrific problem of transportation was dealt with at some length and the methods used to overcome it.

This year, for the first time in the long history of the north, first opened up by the Hudson's Bay Company in the early part of the nineteenth century, a fleet of motor vessels and scows were towed through the Mackenzie River, up the dangerous Great Bear River and into Great Bear Lake, carrying supplies of food, mining equipment, and explosives for the scattered settlements of the north.

If these boats had not been able to make the trip this year, the entire opening up of this vast country might have been delayed for years, if not stopped completely.

Fabulous Wealth
Some indication of the fabulous wealth of this region, in gold, silver, furs, oil, and radium, was given by Mr. Finnie, and interesting pictures of the

PLOT TO ESCAPE FROM JAIL HERE NIPPED IN BUD

Chief Clerke Discovers Attempts Of Four Prisoners To Make Get-Away

A plot by the four prisoners at present in the city jail to make a getaway was nipped in the bud by Chief of Police Clerke on Tuesday, when it was discovered that the locks on one of the cell doors had been forced with a piece of iron.

A large hook, about a foot long, had been wedged under the door of the lock-up and had been used to force one of the heavy padlocks from the cell of William Bayenko, who is to be taken to Vancouver, to serve a six months sentence imposed on him by Magistrate Heggie on Wednesday evening, November 18.

This hook was in a wooden block set in cement in the ceiling at about 14 feet from the floor, and the police have been unable to discover in what manner the hook was removed.

The lock of the exhibit room was also forced and a crowbar taken from it. Chief Clerke states that great pressure must have been brought to bear on the locks, as they were strong and they show dents or marks as if some instrument had been used on them with great force.

The scene in the city jail on Monday night has been re-constructed by the Chief, and it appears that Bayenko, who was familiar with the jail and the cell, understood it, got down the cellar steps and was hidden the crowbar by a confederate with whom he tried to force the cell door of the cell.

It is thought that the other prisoner who tried to aid Bayenko, was a Frenchman named Louis LePage, who appeared before Magistrate R. McQuist on Wednesday evening, November 18, charged with being in connection with retaining stolen goods.

The men were all questioned by Chief Clerke as to what part they had played in the attempted break, and one of them admitted that he had seen Bayenko trying to open his cell door with the iron hook.

A charge of destroying city property must be laid against Bayenko as the result of his activities.

STOLEN ARTICLES RECOVERED HERE

A sentence of three months in jail was given a young Frenchman, named Louis LePage by Magistrate R. McQuist on Wednesday afternoon, LePage was charged with being in connection with retaining stolen goods.

The tools were identified by the caretaker of the premises, James Walker.

Other charges of retaining stolen property belonging to other residents of the lake are pending against LePage, the police state.

Mayor Prowse States Reasons For Police Control Decision

Question of Saving Has Been Thoroughly Examined—Many Factors

In detailing the reasons why the City Council and Police Commissioners have decided to reorganize the present city police force rather than to accept an offer made by the Commissioner of Provincial Police, Col. J. H. McMullin, by which the control of the city would be transferred to the provincial force, Mayor E. W. Prowse, who is also the chairman of the Vernon Police Commission, has pointed out that, at a first glance, it would appear that a saving could be effected by accepting the provincial offer.

"On closer examination of all angles of the situation, however, the City Council reached the decision that from the financial viewpoint alone, to say nothing of other considerations, the wisest course would be to reorganize the city force," declares Mayor Prowse in a statement to The Vernon News.

With four men on the city staff, under the re-organized plan, the cost of administration would be \$9,648, while the provincial bid for the city service was \$8,280. His Worship has divulged.

On the surface, therefore, it would appear that a saving of \$1,368 would be achieved were the Provincial Police offer accepted.

"But this is not," says Mayor Prowse, "to take cognizance of a great many other matters, which must not be forgotten by a Council which is really making an effort to analyze the whole situation, and to act in the best interests of the city's economy."

Oakalla Problem
Under Provincial Police control, for instance, all prisoners sentenced to more than 14 days are taken to Oakalla, under police escort. The transportation cost must be defrayed by the municipality, and one dollar a day is also charged for the prisoner's term of imprisonment.

For the ten months so far this year there have been sentences aggregating about 1,800 days in this city, all of which have been served here. With the exception of merely about 100 days, all these have been in individual sentences of more than 14 days, or, in other words, nearly every prisoner sentenced here would have been perforce taken to Oakalla, under Provincial Police routine.

"For this year so far, and at a very conservative estimate, our Oakalla expenses would have totalled \$1,500," Mayor Prowse explains. "Hence this factor alone offers a counter-balance to the question of saving as indicated in the Provincial Police bid."

There are still other points, Mayor Prowse continues. "The Provincial Police would make no collection of business licenses, poll and road taxes, dog taxes, and other such levies, except to prosecute when informed by the authorities. The undertaking of these collections, now done in a routine manner by the city force, would be an added expense."

"Our municipal force, as at present, does a great many things which would be outside the jurisdiction of the provincial police. Cases of juvenile delinquency, destitution cases, family disputes and troubles not coming definitely under the law, the enforcement of health regulations, these and a great many other matters are settled by our police daily without harshness or undue publicity. The public is indeed, for the most part, unaware of a great part of the police work."

(Continued on Page 4, Col. 5)

VERNON WOMEN'S CLUB WELCOMES KAMLOOPS GROUP

Business and Professional Women's Organizations Hold Joint Gathering

Members of the Kamloops Business and Professional Women's Club were the guests of the Vernon Business and Professional Women's Club, at a dinner meeting held in the National Hotel on Sunday evening, November 18, when 24 members from Kamloops attended and a strong feeling of friendship and goodwill was established between the clubs.

The President of the Vernon club, Miss Ethel Asher, presided, and after extending a hearty welcome to the visitors, introduced the Vernon members, Miss Margaret Hall, President of the Kamloops club, replied to this welcome and in turn introduced the members of the visiting club.

The meeting was featured by the speeches of various ladies, and one of the most interesting was that given by Miss F. M. Cox of this city.

Miss Cox is one of the teachers of the elementary schools staff and is on exchange from England. She described the educational system of Bristol, England, in very interesting terms to those present.

"The children start school at the age of three, and they attend a nursery for two years. At the ages of five to seven years, they attend the infants school, and then they are divided up into boys' and girls' schools. When they are eleven years old, they try special examinations and brightest pupils are sent to a secondary school. This last step takes only a very small percentage of the pupils and the rest enter schools where technical education is stressed," Miss Cox said.

"A new scheme of education is being tried out," she explained, "and practical education being stressed, more and more. In Bristol the girls are required to attend school until they are fourteen years of age, but many choose to stay until a year later."

Another interesting speaker was Mrs. R. T. Chalmers of the Kamloops club, who described a visit she made to the Vancouver club. She related some of their activities and told of their well equipped club rooms.

Community singing was enjoyed by the members and some of the Vernon members contributed much appreciated songs and skits.

STRESSES VALUE OF ATHLETICS IN SCHOOL ROUTINE

Clarence Fulton Emphasizes Present Day Need For "Muscular Christianity"

"This country of ours has 50 million acres of land and yet this city has one acre of playground to accommodate 1,000 children in addition to other organizations of adults," was the statement of Clarence Fulton at the Rotary luncheon on Monday.

Speaking on "Muscular Christianity," which he emphasized as a crying need of the world today, Mr. Fulton illustrated his subject by relating the possibilities of athletic work among boys and girls.

"The mere learning of what is right is not the fulfillment of Christianity—it is only the practicing of precepts that can bring results. When school teachers are willing to put their hearts into the work of bringing their charges along, when they are willing to go out on the playgrounds and gymnasiums for five nights of the week to instill the principles of sportsmanship and good living into boys and girls, then that is muscular Christianity," he continued.

"It might be necessary to change the method of the selection of teachers, but why not? The Jesuits of old were able to obtain men who were willing to devote their lives to an ideal and there are men and women in the world today ready to receive a call to make a real, worthwhile, life's work of the education of children."

Mr. Fulton urged the teaching of the Bible in the schools. "Not creeds or dogma but just the plain principles of Jesus," he declared.

SENTENCED TO SIX MONTHS ON THEFT CHARGE

William Bayenko Was Ordered "To Get Out And Stay Out"

Failure to comply with the order of the City Police and Magistrate Heggie, to "get out of the district and stay out," caused the undoing of William Bayenko, alias William Watson, aged 27 years, when he was sentenced to serve six months in Oakalla jail in the City Police Court before Magistrate Heggie on Tuesday morning on a theft charge.

Bayenko had been in the court last September, when he was given a suspended sentence of six months on the condition that he clear out of this district.

Chief of Police Clerke heard recently that he had returned to Vernon and he promptly commenced a search for the man, with the result that he was located in a local house. The chief warned the residents of the house that the law they could not hide him.

Last Saturday morning about one a.m., Chief Clerke, Sergeant Cann, and Constable Simpson of the local force made a raid on the house in the hope of securing the man. A dense fog hung over the town at that time, but while Chief Clerke was inside searching the house, Bayenko was seen by Sergeant Cann jumping from a window. After a struggle he was arrested and taken to the Police Station where he was locked up for the night.

He appeared in the court on Monday morning, when he was sentenced. This is not the first time that Bayenko has been before the city court, as he was sentenced some time ago in connection with obtaining goods under false pretences from the Nolan Drug and Book Co.

On his most recent "visit" to Vernon, he had been representing himself as the son of a big landowner on the prairies, and he was conducting negotiations with a real estate man in town with the intention of buying a large tract of land in a large ranch in this district. He had taken pictures of various ranches in the vicinity of Vernon and he showed them to people in the city as being pictures of his father's ranch.

Heggie Let Off With Warning
Who ever heard of a magistrate being reprimanded in his own court while occupying the judicial chair, by a Chief of Police?

This was the experience of Magistrate H. A. Heggie, of the Vernon City Police Court on Monday morning, when he was taken to task by Chief of Police Clerke for parking his car about a foot over the restricted area in front of the theatre last week.

After the regular court cases had been disposed of by Mr. Heggie, he was told all about the evils of parking his car where it had no right to be, and was let off with a warning.

The tagging of Mr. Heggie's car was done by Sergeant James Cann of the city force, on the orders of Chief Clerke on Wednesday evening, of last week, and the case was disposed of on Monday morning.

MINISTER OF AGRICULTURE VISITING CONSTITUENCY

The Hon. Dr. K. C. MacDonald, Minister of Agriculture, and the representative of this district, is expected to arrive from the Coast in Vernon today, Thursday, to spend several days in the constituency, attending to a variety of governmental matters.

New Executive Studying Plans

Formation of Strong Growers' Organization Is Objective Sought By "Investigation Committee" Which Is Also New Executive of B.C.F.G.A.

Haskins Retires As President—A. K. Loyd, of Rutland, Chosen Chairman

On Wednesday a committee comprised of A. K. Loyd, of Rutland, H. W. Birch, of Salmon Arm, R. F. Borrett, of East Kelowna, Capt. H. A. Porteous, of Oliver, and C. S. Squires, of Nelson, commenced deliberations at Kelowna with a view to drafting recommendations for the development of a strong fruit growers' organization.

"Whether or not this organization will be known in the future as the B.C.F.G.A., is the chief issue confronting the committee of five, three of whom were named at the convention of grower-delegates which met at Kelowna on Tuesday to elect the personnel of the B. C. Tree Fruit Board.

These five are, in fact, the new executive of the B.C.F.G.A. Following his election to the Tree Fruit Board, W. E. Haskins has carried out a pledge he made prior to the convention, and has tendered his resignation as President of the B.C.F.G.A. With the resignations of G. A. Barrat and O. W. Hembling from the executive of the growers' organization, three vacancies were created, and the recommended choices as successors, made by the delegates assembled on Tuesday, were ratified by the re-organizing executive on the following day.

Mr. Birch and Mr. Borrett were formerly members of the executive, and the three whose names were put forward by the growers' delegates at the Tree Fruit Board convention were Mr. Loyd, Mr. Squires, and Capt. Porteous.

Mr. Loyd, who for many years has been prominently identified with fruit growers' efforts, has been selected by the executive as their chairman during the discussions now being held, and the choice of the new President of the B.C.F.G.A. is naturally being held in abeyance until final decisions have been reached by this executive or "investigation committee" with regard to future organization.

To Call Meetings
In accordance with a resolution presented to the Kelowna convention by W. T. Cameron, the delegates from Vernon, meetings in all local areas are to be called when this committee has concluded its deliberations, and at such meetings the recommendations will be discussed by the growers. In this way a thorough canvass of opinion will be assured.

At these meetings the various delegates will also present reports on what transpired at the convention, and information from the Tree Fruit Board to the other delegates. The quintet, in effect, will be "contact men" between the Board and the growers at large.

Another resolution, introduced by A. D. Heriot, of Coldstream, and adopted, called upon the Board to furnish all delegates directly with information from time to time.

CUTTING CHRISTMAS TREES AT FALKLAND

Quite a Few Woodsmen Are Busy At Falkland-Honey-moon Couple in Valley

FALKLAND, B.C., Nov. 19.—Quite a number of farmers in the district are busy cutting Christmas trees to be shipped to the U.S.A.

A wedding of interest to many friends took place at Williams Lake Wednesday, November 14, when Amy Allen, youngest daughter of Mr. and Mrs. H. Karjala, of Paxton Valley, became the bride of Clarence Anderson, son of Mr. and Mrs. Anderson, of Vancouver. Following the ceremony they left by car for Paxton Valley, where they are spending a week before going to the coast for the remainder of their honeymoon. Upon their return Mr. and Mrs. Anderson will reside at Williams Lake.

The Ladies' Aid of the United Church held a most successful bazaar on Saturday evening last, almost \$60.00 being raised for the benefit of the church. There was an attractive display of fancy work and useful articles, also home cooking, farm produce and a hoop-la table. A quilt on which tickets had been sold was won by Miss Fred Phillips, while a second prize of a pair of towels was won by Cecil Swift.

On Tuesday evening of last week Mrs. J. H. Phillips entertained a number of friends with bridge; prizes were won on this occasion by Miss I. McCounie and A. Jessiman, who held the highest scores, while R. Larson received the consolation prize.

The telephone gang that has been stationed in Falkland about a month moved on to Westwood last week.

Falkland was well represented at the dance held at Westwood on Friday evening last, several car loads going from here.

L. King, of Armstrong, is a visitor here this week. Mr. King, who is a talented musician, accompanied the Rev. W. J. Selder on Sunday and assisted at the services with organ solos.

SUMMERLAND ASKS FOR SAME BOARD IN PRESENT SEASON

Change Suggested At Election Next Year—Haskins Addresses Meeting

SUMMERLAND, B.C., Nov. 19.—The local B.C.F.G.A. decided to hold their annual meeting last Wednesday afternoon, at the same time that the delegates were elected to go to Kelowna, and at which C. J. Huddleston was chosen to go to the convention.

The meeting thought that the present Tree Fruit Board should continue until the end of May, but the opinion expressed was that other men should be chosen later, that more confidence may be inspired.

W. E. Haskins had asked to be allowed to address the meeting, and it had been the intention to have Mr. Haskins speak at the conclusion of the meeting, but he insisted on speaking before the discussions as he said that misapprehension had been aroused because of editorials appearing in valley papers.

It was an accident that the personnel of the Tree Fruit Board and the B.C. F.G.A. were the same. If he were elected to the Tree Fruit Board he would resign as president of the B.C.F.G.A. as he believed that it should have new blood. All the fruit industry should be an harmonious whole. Mr. Haskins' radio talk had been misunderstood also, as he does not want the Tree Fruit Board to dominate.

The Growers' Stabilization Committee and the B.C.F.G.A. had been merged to carry on the business of the latter, as the Stabilization Committee had funds and the B.C.F.G.A. had none, the 2c per box levy having been thrown out at Ottawa, because there was no ratification from the growers.

Mr. Haskins thought that resolutions should not be passed hastily. The Tree Fruit Board wants the grower to build up some sort of organization whereby the grower will always retain control. The grower is really a shareholder in a seven million dollar business, and should always be in a position to change the board. Finally the speaker stressed the three points for which plans must be worked out. These were finance, grower control, and the joining up of the executive of the B.O. F.G.A. with the Tree Fruit Board.

Discuss Control
Different ideas were expressed during the afternoon as to means of retaining control. One was rotating the members of the Board, another rotating the directors, and still another was that delegates become directors. However, no resolutions were decided upon, and another meeting will be called later.

Capt. J. E. Jenkinson was re-appointed chairman of the Summerland B.C.F.G.A. and J. Shepherd begins his fourteenth year as secretary-treasurer, and the directors elected were T. M. Croll, C. J. Huddleston, and Thos. Washington.

The annual meeting of the badminton club was held on Tuesday evening in the Ellison Hall. With the new arrangement of an athletic association, the badminton and tennis clubs are to have separate committees with a joint president, and a central committee with representatives from each society.

The badminton group consists of O. Dunham, secretary; A. G. Duncan, treasurer; F. A. Miller, Dr. H. McLarty, R. Russell, Misses Marian Cartwright and Fraser McKay.

Several changes have been made in that membership fee in the new hall, which will be opened in about a month, will be \$5. with members supplying their own tables. There will be no club teas, though any person or group of persons desiring tea will be allowed to bring it, or to arrange for a caterer.

School Tenders

Since the school board are not using the hall which is now being erected, tenders have been called for to extend the central school building for gymnasium purposes. At the north end of the building there will be two dressing rooms, and a spectator stand. The floor will be large enough for gym performances, for regulation basketball, and one regulation badminton court. It is planned, also, to play volleyball. The Summerland Women's Institute are proposing to build a public rest room at West Summerland. Complete schemes have not been devised yet, but it is hoped that this will become a reality in the near future.

The Orange Benevolent Association held a dance in the Ellison Hall on Friday evening when various prizes

were given away. This was a much larger affair than any this society has instigated here before, and it proved very successful in every way. William Haddrell won the cedar chest. The Macdonald Drug Co. is going to occupy the store now held by A. J. Beer, as well as their present one, and Mr. Beer will move into the former S. Band place.

Haskins, Barrat and Hembling Are Members of Fruit Board

(Continued from Page One)

other employees of the Board, though the final decision was that this was "up to the Board" and that the only course that the meeting could take would be to set the remuneration of the Board members themselves, and leave it to them to scale other wages accordingly.

Charging that insufficient information was being made available, Mr. Heriot again entered the discussions. "If we have the power to appoint the Board and name their salaries, we surely should be entitled to more information," he said. "We should know if the Board is carrying on in a satisfactory way or not. But there has been no attempt to give us even a rough estimate of expenses to date."

Later in the meeting both Mr. Haskins and Mr. Hembling expressed their willingness to give out any information at any time it is requested by the growers, and Mr. Hembling made statements as regards the salaries paid the employees of the Board.

Among many resolutions adopted, one regarding the "Water Street" situation evoked considerable interest, though discussion was fairly brief. It was decided to request the Royal Commission investigating price spreads to launch an inquiry, in fact, of fruit marketing conditions across the entire West, with "particular" reference to an alleged "combine of wholesalers in Vancouver."

This resolution, amended to include a broader inquiry, was adopted at the meeting in Vernon at which the local delegates were named, and was forwarded for consideration at the convention.

Another resolution, along somewhat similar lines, introduced by R. W. Ramsay, of Kelowna, asked the same Royal Commission to investigate the price of gasoline in the Interior of B.C.

With regard, however, to more intimate policy affecting the Board's operations, the system of delegate-voting was in itself early attacked. It was stated that the consensus of opinion from Vernon was against the present method.

A. K. Loyd, of Rutland, recommended a scheme by which "not less than five" would be nominated at a delegates' convention, following which every grower would have an opportunity of balloting personally by mail.

"If this Board is to be a success," remarked R. F. Borrett, of East Kelowna, "the growers themselves must have a little more to say."

J. T. Lawrence, of Grand Forks, stated the opinions of one from outside the Okanagan. "Those not in the valley," he declared, "don't know the nominees who would, in all likelihood, from time to time be named. They would presumably be Okanagan men. The growers outside the valley, I'm sure, would prefer to leave it to the delegates."

As no definite decision seemed likely at the meeting, the resolutions from Vernon and Rutland on the subject were amended, referring consideration of the matter to the growers at future meetings to be convened.

Don't Need Bonding
A Vernon resolution calling for bonding of the Board members was turned down by the convention, it being the feeling that, since the members do not handle the funds personally, bonding would be an unnecessary and also a quite costly undertaking.

Yet another Vernon resolution, asking for the appointment of a committee to "go fully into the

question of the location of the Tree Fruit Board's headquarters," bearing in mind particularly, "economy, efficiency, and speed in marketing of the growers' fruit," was defeated, despite a strong stand taken by W. T. Cameron, the Vernon delegate, supported by Mr. Heriot, of Coldstream.

"In my opinion," remarked Mr. Ramsay, of Kelowna, "the headquarters is in the proper place. It is only a short trip to the Board from the south. Phone calls are cut in half. And here in Kelowna is concentrated a very great part of the fruit growing strength."

"I'd be sorry to see the Board moved any further north," said Capt. H. A. Porteous, of Oliver. "Kelowna is considered far enough away. It seems to me that there is also a psychological effect among the growers in having the Board centrally located."

The Vernon speakers pointed to the fact that it had been found necessary to establish the cartel in Vernon. Reference was also made to the presence, in this city, of the Associated Growers' head offices, and those of the inspection service, and to other factors which would indicate the saving of money to the Board if it were operated here.

Mr. Cameron said, however, that he was not so much arguing as to where the Board should be as merely recommending that a committee be formed to study the matter. A brief from the Board of Trade of Vernon could be studied among other things by that committee, he added.

On a vote being taken the suggestion was turned down, and discussion terminated.

Every grower must register, but only those involved with orchards of one acre or more will be permitted to vote, if a recommendation from the convention is followed out by an amendment to the government's scheme.

It was made clear that "any person, partnership, firm, or corporation, or any person authorized in writing by a partnership, firm, or corporation to act on their behalf," is entitled to a vote. Where an orchard is operated on shares, the party having the majority of the returns may vote, but there can be only one vote for one property.

Trucking Discussed
A strong request was made by W. Kearne, of Creston, that fruit trucking be not eliminated entirely but controlled. He said that a "clearing house" system for the truckers would be available next year, and that this would obviate the "shopping around" for fruit which has been a feature of past operations.

That the trucking was apparently detrimental to the entire marketing system was the inference to be drawn from remarks made by Mr. Haskins at this point, but he said that close study would be continued on this problem, and that everything would be done to iron the whole situation out.

"Thumbs Down" On Jumbo Crates
Another feature of the discussions centered in the use of jumbo crates, in fruit shipping. This topic was introduced by D. McCallum, of Keremeos, who pointed out that the fruit used in such crates is largely orchard run. This means the dumping of fruit from boxes, in making up the crates, with consequent bruising. There is also a carry-over of old boxes, which is prejudicial to the growers' interests. Mr. Haskins and Mr. Hembling both showed that they were against the use of the jumbos, and when Mr. Kearne, speaking for the Creston area, said that the feeling was the same in his area, a strongly

united opinion on the matter was evident and a resolution calling for the elimination of this type of crate was endorsed.

"It's just an evasion of the bulk restrictions," commented Mr. Kearne. "Out goes the stuff in these crates to the prairies. The fruit is repacked, often in the country stores, and offered in 30-pound fibre cartons, which are a source of confusion to the buyers."

Other recommendations, involving the policy of the Board, were to the effect that in the future at least 20 days' notice be given before the calling of a convention to nominate or elect the Board members; that notices of meetings be accompanied by financial statements and reports, on the previous year's operations; and that elections be conducted "according to law," or, as regards one matter, that after a closing date has been announced for registrations, that no further registrations whatever be permitted afterwards.

The convention, which continued during the afternoon in the form of general discussions, and finally into an evening session, was marked in its later stages by a lengthy analysis of possible growers' reorganization, into which discussion the B.C.F.G.A. was drawn, as reported in another column.

Before final adjournment, however, in response to Mr. Goldie's remark that there was a lot of street-corner gossip being heard regarding the Board's operations, Mr. Hembling gave certain statements concerning the financial position.

To date, he said, the Board has collected about \$20,000 on the 2 cent levy and \$13,000 on equalization levies, and expenses have been kept well within these sums.

Salaries paid to some of the employees are \$175 a month to two "scouts" on the prairies, whose duties are to cease at the end of this month, with a third being retained at \$200 monthly; the office manager at Kelowna receives \$200, and a "shipper-contact" man is paid \$160. The telephone switch-board installed in the Kelowna offices, which, it has been alleged, cost \$1,000, is really being rented at \$31.50 per month.

Delegates Attending
The following were the delegates attending the convention, the numbers after each name representing the number of growers' proxies possessed by these delegates:

C. R. Newman, Sorrento, 24; H. W. Birch, Salmon Arm, 108; W. J. Brett, Armstrong, 25; W. T. Cameron, Vernon, 81; A. D. Heriot, Coldstream, 60; J. A. Trewin, Oryana, 74; Jas. Goldie, Okanagan Centre, 17; J. H. Aberdeen, Winfield, 45; R. W. Ramsay, Kelowna, 46; A. K. Loyd, Rutland, 90; Robert Cheyne, Glenmore, 67; J. Anderson, Ellison, 22; R. F. Borrett, East Kelowna, 73; H. Moffat, Westbank, 39; Dr. W. Buchanan, Peachland, 43; C. J. Baskin, Penticton, 179; J. C. Williams, Naramata, 87; R. D. Mutch, Kaleden, 27; D. McCallum, Keremeos, 59; Capt. H. A. Porteous, Oliver, 103; W. E. Burpee, Osoyoos, 39; R. B. Homersham, Kamloops, 19; W. Kearne, Creston, 189; C. S. Squires, Nelson, 214; and J. T. Lawrence, Grand Forks, 10; total, 1,968.

NEW EXECUTIVE STUDYING PLANS
(Continued from Page One)

parently confined merely to life members at present. If there were no B.C. F.G.A. the line of action that would have been adopted in forming a growers' organization would have been similar to what has already been done under the Tree Fruit Board scheme, so he favored following along the scheme's course of action even further, to the exclusion of the B.C.F.G.A. proper.

Among the delegates themselves there was a great deal of diverse discussion. Representatives from Naramata, Sorrento, Keremeos, and Penticton, at one juncture in the arguing, each in turn rose and declared that the district he represented was determined to maintain the B.C.F.G.A., while others signified their belief that the association's work should terminate.

Still others, such as Mr. Heriot, stated that they had no mandate to speak on such a topic, and refused to vote on any resolutions affecting the B.C.F.G.A.

A number of resolutions were presented and these were finally turned over to the committee of five which was named, following the discussions, to investigate the entire situation.

STATES REASONS POLICE CONTROL

(Continued from Page One)

"One item of economy that has been suggested is the closing of our city jail, in the event that the provincial police took over. But the building would have to be kept up. It could not be dismantled, for there would always be the contingency of the city wishing to resume its own policing again."

"And it should not be forgotten that jumping back and forth from one type of police to the other would not be conducive to a continuance of good relations between both forces of police and the general public."

The Mayor points out that the proposed budget for Provincial Police upkeep does not include forms, percentages of office charges, and a variety of other things. "Although under the Provincial Police these items would not be charged to the police department, the taxpayer would still have to pay for them, under some other department. Hence much of the saving that is apparently indicated, is not a true and actual saving."

Summing the entire situation up, it is His Worship's comment that, "There is not much either way, in dollars and cents, but even if there were, the civic authorities deem it best, and believe that they are serving the city along the wisest lines, by retaining a municipal police force."

As regards making additions to the city force, the Mayor further adds, the fact that a large body of business men pressed some time ago for the addition of another constable to the local staff, so as to ensure protection against burglaries, was a good indication that the course now decided upon would meet with favor, and be endorsed.

"I think it should also be borne in mind, particularly by critics," he said, "that it would have been the easier course for myself, had I arranged to provide for the local staff, shut up the city jail, and handed the whole thing over to the provincial force. All the trouble would be off my shoulders, and those of the other Commissioners. As it is, however, the city has the plenty of work and care for us by a continuance of the city police. But this latter policy has been decided upon because of the sincere belief that it is in the best interests of the city and its taxpayers."

WOMEN HEAR OF "LAST FRONTIER"

(Continued from Page One)

veins of some of the working mines were shown.

A working oil well owned by one of the large oil companies, which supplies practically all of the requirements of the north, was shown.

Before this well was sunk, gasoline cost \$3.00 per gallon, but now it can be obtained for about 65 cents.

Transportation Essential

The development of this whole country is dependent on transportation and this year, for the first time, a successful attempt was made to solve this problem when two companies started building ships and scows. One was the Hudson's Bay Company and the other the Northern Navigation Company, owned by the Ryan Bros., who have been in this country since 1919 aiding the miner, trapper and prospector to locate wherever he wishes.

Some of the flying companies have a regular service, and one of their planes will take anybody to any desired place in the Arctic and they will pick him up again in the fall of the year. Winter flying has been conquered in this country and the flyers very seldom have an accident.

"It is popularly supposed that the days of the pioneers passed with the covered wagon, but today, the romance of discovery is going on just the same. The only difference is that now the methods are changed; the covered wagon has given place to the airplane, the power-boat and the tractor, and the old prospectors' methods have been succeeded by the diamond drill," said Mr. Fennie.

"This great North West of ours constitutes one half of the entire Dominion of Canada," was another striking comment made.

CANADIAN NATIONAL

NOTICE OF CANCELLATION

NOTICE IS HEREBY GIVEN that the reserve covering certain lands on the Wood Lake, Okanagan Division of Yale District, established by notice in the British Columbia Gazette of November 3rd, 1919, is cancelled.

H. CATHCART, Deputy Minister of Lands, Victoria, B.C., 27th October, 1934.

TAKE NOTICE that P. H. Holdsworth, whose address is in living land, B.C., will apply for a license to take and use 2 c.f.s. of water out of McMillan Creek, which flows South West and drains into Shasta Creek, about the centre of Lot 4690, O.B.V.D.

This water will be diverted at a point about 40 chains North West of N.W. corner of Lot 4880, O.B.V.D., and will be used for Mining (Oiling and ore washing) purpose upon the land described as White Bluff Mineral Claim Lot 4880.

This notice was posted on the ground on the 28th day of October, 1934.

A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Vernon, B.C.

Objections to the application may be filed with the said Water Recorder at Vernon, B.C., within thirty days after the first appearance of this notice in a local newspaper.

P. H. HOLDSWORTH, Applicant.

NOTE.—This notice is given in validation of a notice of Conditional Water Licence 6616 issued to a P. H. Holdsworth, and is not for any additional diversion of water.

The date of the first publication of this notice is 1st November, 1934.

Town and District

H. B. Monk and J. Blankley left Ver-
non on Saturday for Vancouver for a
few days on business.

Mrs. B. Shallowcross, of Vancouver, ar-
rived in Vernon on Monday to spend
some time in this city.

Mrs. F. B. Jacques left Vernon on
Tuesday evening for Toronto, where
she will visit for some time.

T. A. Duthie, of Portland, Oregon, of
the fruit importing firm of Duthie and
Co., arrived in Vernon on Monday on
business.

Mrs. S. Doherty has as her guest her
son, Harold Doherty, of Summerland.
Mr. Doherty arrived in Vernon on Sat-
urday last and will spend about a week
visiting in this city.

Friends of A. W. Pegler, of this city,
will be pleased to learn that he is re-
covering from the accident he suffered
several weeks ago, and last Friday he
was able to leave the hospital and re-
turn to his home.

F. A. Lewis, vegetable representative
of the Associated Growers of British
Columbia, left Vernon on Sunday for
Toronto to attend a meeting of the
Canadian Horticultural Council in that
city this week. He will be away about
two weeks.

The Vernon and District Riding Club
will meet on Sunday next, November
25, at the junction of the Aberdeen and
Lumby roads at 1:30 p.m., and as usual
on Thursday at the Kennels also at
1:30, for another of their popular
weekly hunts.

Miss L. Chilvers of the St. Michael's
School, is leaving soon on a visit to
England, to see her mother who she
had not seen for 13 years. Miss Chil-
vers will be away for some time, and
during her absence, Miss LeGallais
will be in residence at the school.

Guests at the home of Mr. and Mrs.
A. B. Godfrey, of this city, are Mrs. B.
Shortly, of Peterboro, and Mrs. D.
Burch, of Winnipeg, who arrived on
Tuesday. They are aunts of Mrs. God-
frey, and are on their way to Califor-
nia, where they will spend the winter.
Before coming to Vernon, Mrs. Shortly
and Mrs. Burch visited in the Eastern
United States and Canada.

While the Okanagan Valley is known
for the wonderful growth and fertility
of its crops, it is certainly a remarkable
sight to see an apple tree with blossoms
and fruit on it at this time of year.
However, while out hunting on the
benches above Swan Lake on Thursday
afternoon, H. B. Monk, of this city, saw
in an old abandoned orchard, commencing
with small but perfectly shaped ap-
ples and some blossoms on it. The ap-
ples that had formed were about the
size of a five cent piece.

J. M. Barber, of Kelowna, was fined
\$10 and costs before Magistrate R. M.
McGusty on Wednesday afternoon, in
connection with the charge laid against
him by the Provincial Police as the re-
sult of a motor car accident on the
Kelowna road late last Wednesday
night. He also agreed to pay for the
damage caused to the fence on the
road, and all the expenses in connec-
tion with the injuries suffered by his
companion, Miss M. Larson.

The Rev. Father D. J. Moriarty,
O.M.I., of Vancouver, is to conduct a
mission in St. James' Catholic Church
in this city for one week, commencing
on Sunday next. A noted missionary,
Father Moriarty has been conducting
a tour of the Okanagan recently. Dur-
ing his period here, two masses will be
held every morning, at 6:45 and 7:30
o'clock, and there will be sermons and
devotions every evening at 7:30 o'clock.

A quiet wedding was solemnized at
the United Church manse on Wednes-
day evening, November 14, by the Rev.
Dr. Jenkin H. Davies, when Miss Ruth
Bulwer, the daughter of B. R. Bulwer,
and the late Mrs. Bulwer, of this city,
and Clifford Akerman, the son of Mr.
and Mrs. William Akerman, of Nanai-
fyllon, South Wales, were united in
marriage. They will reside in Vernon.
The bride was supported by Miss Verna
Parenteau, and the groom by Roy
Brown, both of the Coldstream.

"There has been a decided upturn in
general business, particularly in the
west," declared R. B. Wilson, of Tor-
onto, western sales manager of Philco
Products Ltd., of Canada, who was a
visitor here this week in the course of
a tour across his wide-spread territory.
For several years, Mr. Wilson believes,
the public have been saving extensively,
fearful of the future. Now there is a
loosening up, and the marked improve-
ment in all luxury lines recently is of
particular significance. Sales in his
field, he said, are up 61 per cent. over
last year.

An Appreciation

I wish to express my deepest
appreciation to

Drs. Morris & Harvey

for the professional services
rendered me during my recent
illness.

By their careful diagnosis, an
immediate surgical operation,
and remarkable skill they un-
doubtedly saved my life.

To the Lady Superintendent
and Nursing Staff of The Ver-
non Jubilee Hospital, and
Special Nurses at the Hospital,
who have attended me, I also
wish to accord my warmest
thanks.

G. P. BAGNALL.

After spending three weeks at Van-
couver on a holiday, Miss Lorna Camp-
bell returned to Vernon on Saturday.

After two weeks spent visiting in Ed-
monton and Saskatoon, Mr. and Mrs.
E. H. Harkness returned to Vernon on
Thursday last.

A. J. Calderhead, Travelling Pas-
senger Agent of the C.P.R., at Van-
couver, was in Vernon on Wednesday
on an inspection trip.

Mr. Martin Costerton, of Revelstoke,
left for home on Tuesday, after
spending two weeks at the home of her
mother, Mrs. S. Doherty, of this city.

Mr. and Mrs. George Whyte, of Kam-
loops, and formerly of this city, were
visitors in Vernon on Sunday and Mon-
day. While here they were the guests
of Mr. and Mrs. A. E. Graves.

Mrs. W. R. Wright, of the B.X. dis-
trict, left on Monday for Sacramento,
California, where she will visit Mr. and
Mrs. Sherne, who were formerly resi-
dents of this city and are well known
here.

F. H. Gow, of Vancouver, District
Manager of the Famous Players, was
in Vernon on Wednesday during the
course of an inspection trip, and left
here on Wednesday afternoon for Kel-
owna.

W. A. Pritchard, of Vancouver, edi-
tor of "The Commonwealth," the offi-
cial organ of the C.C.F., and D. Ellis,
of the staff of the same paper, were
visitors in Vernon on Wednesday. They
have been touring the valley in the
interests of that paper. They left for
Kamloops on Wednesday afternoon.

Mrs. G. C. Tassie, of the Coldstream,
had as her guest over the week end,
Mrs. William Pearce, of Calgary, ar-
rived in Vernon on Tuesday, also to
visit with her son-in-law and daughter,
Mr. and Mrs. G. C. Tassie. Mrs. Pearce
will stay for some time before return-
ing to her home.

The death of the nine-months-old
son of Mr. and Mrs. G. Robertson, of
this city, occurred early Wednesday
morning, and after an investigation,
Dr. O. Morris, the city coroner, ren-
dered a verdict of death due to natural
causes. The mother of the young child,
found him lying dead in bed when she
got up to light the fire early Wednes-
day morning.

As the winter season draws on, hock-
ey-fans of Vernon are again looking
forward to the approach of their fa-
vorite winter sport, and according to
E. C. Sherwood, business manager of
the Vernon Hockey Club, plans are be-
ing laid to insure one of the best hock-
ey seasons ever seen in the Okana-
gan. The date of the annual meeting
of the Vernon Hockey Club has not
been set as yet, but it is expected that
it will be held in the near future. Mr.
Sherwood has been appointed to the
executive of the B.C. Amateur Hockey
Association.

WEDDING BELLS

Russell-Turner

A very quiet wedding was solemnized
in the chapel of All Saints Church on
Tuesday evening, when Miss Ellen
Turner, second daughter of Mr. and
Mrs. C. Turner, of the B.X. district, be-
came the bride of William Hastings
Russell, the second son of Mrs. William
Russell, of Okanagan Landing. The
ceremony was performed by the Rev.
H. C. B. Gibson.

The bridesmaid was a sister of the
bride, Miss Amy Turner, while the
groom was supported by Joseph Haly-
son.

Only relatives and very intimate
friends of the happy couple were pre-
sent, and after a short honeymoon,
Mr. and Mrs. Russell will make their
home for the time being at Okanagan
Landing.

NO COURT ACTION MAY BE NECESSARY

Since the B.C. Tree Fruit Board
took a strong stand about three weeks
ago and commenced preparations for
actual court action against recalcitrant
shippers, the greater part of the trouble
has cleared up. This is the report
made by W. E. Haskins, who also made
a trip to the Creston area to investi-
gate matters. The result is that while
there are a few infractions that are
continuing, with regard to levies and
invoices, the Board now feels that
court action may be unnecessary. If
needed, however, the Board will al-
ways resort to such a means of enforce-
ment.

Two-thirds of the fruit crop has now
moved according to Mr. Haskins. In
an average year this would be a cause
for jubilation, but the more advanced
condition of the fruit this season must
be reckoned as a counter-balancing
factor.

A circular released today, Thursday,
announces a further release of 15 per
cent. in the Wagner cartel.

EGG PRODUCERS NOW ORGANIZED

Scheme Framed By Poultrymen
Will Be Operating By
December 1

For some months a committee of
poultrymen of this general district has
been working on a plan to secure a
more satisfactory arrangement for the
marketing of eggs and poultry and on
Thursday last the Okanagan Egg-Pro-
ducers' Association was formed at
Armstrong with the approval of several
of the leading producers of Vernon.
The final objective of the Association,
it is understood, will be to function un-
der the Dominion Marketing Act.

Almost simultaneously, a circular
from S. R. Howell, Egg Inspector, was
received by poultrymen in the Valley,
dated from Nelson, asking them to
consider a new scheme he was putting
forward on behalf of the Kootenay
Poultry Association.

"We have examined the scheme
outlined and we consider it utterly
impractical, lacking in cohesion, and
containing many objectionable features
from the producers' standpoint," states
George W. Game, chairman of the pro-
visional management committee of the
new Association.

"We have therefore refused to have
anything to do with it and intend to
proceed with the simpler and, we be-
lieve, more workable plan, which was
approved at our meeting last Thurs-
day."

Briefly, the plan is this. A market-
ing association for eggs and poultry
with a main selling feature of "All new
laid" eggs in cartons for all those who
wish to secure a permit. This permit
is free of charge.

The association proposes to be ready
to commence business on December 1,
or as soon thereafter as possible.

The affairs of the association will be
left in the hands of the provisional
management committee for the first
six months with full power to carry on
business, make arrangements with Ver-
non or other centres on the same lines,
with power to add to the committee
any person duly nominated by a repre-
sentative body of producers in other
centres.

This committee is to complete the
permanent organization and submit its
plans for approval to a general meeting
of the members on or before June 1 of
next year.

In the matter of financing, which is
always a troublesome question in as-
sociations of this kind, it has been
agreed that the following arrangement
will likely meet general approval: a
membership fee of \$2, payable once
only, and annually in addition each
member is asked to give a six months
note, without interest, according to the
size of his flock at the rate of \$2 per
100 birds or part thereof.

One-half cent per dozen on all
eggs handled and one half cent per
pound on all poultry sold through
the association will be deducted in
addition to the usual handling
charges and set aside as a reserve
fund.

As soon as this reserve fund reaches
an amount equal to the notes, the
notes will all be returned to the mem-
bers. The reserve fund will of course
be continued to take care of any sur-
plus in storage.

Meanwhile, the notes will be used as
collateral at the bank to secure the
necessary funds to purchase egg cases,
supplies, stationery, and other require-
ments.

"The Association proposes to place
the sale of eggs on the same high level
which has been achieved with North
Okanagan Creamery butter," says Mr.
Game.

"We propose to employ a first class
salesman to handle the selling end on
commission, to place guaranteed new
laid eggs on the market in sealed car-
tons so that the housewife who prefers
the fresh delightful flavor of a new
laid egg can be sure of getting it, and
also to develop ways and means of
building up a demand for fine quality
dressed poultry."

"We shall be glad to sign up any
producer who is satisfied with this pro-
gram and desires to join us, and our
motto is everyone gets the same deal."

The provisional board, in addition to
Mr. Game, consists of R. G. Thomson,
secretary, and Willis Hunter, W. F.
Brett, George Lynn, and E. J. Hawes.

ACUTE SHORTAGE OF BEST BUTTER

Directors of Okanagan Creamery
To Pay Share On
Export Loss

An emergent meeting of the Board
of Directors of the Okanagan Valley
Co-operative Creamery was held in
Vernon on Saturday last. The board
assembled at the call of the chairman,
O. J. Patten. Demand for the Associa-
tion's prize winning butter has be-
come so great the two plants are
swamped with orders.

Several of the directors inspected the
cold storages in the creamery. By Sat-
urday evening only one 30 pound box
of butter remained of the stocks. Large
churnings were to be made early on
Monday morning from cream received
Saturday. Until these churnings had
been made, the butter cut and packed
into boxes no orders could be filled.

The directors were informed that re-
tail customers were rationed but no
one was left without sufficient butter
to supply the immediate needs of con-
sumers. Although this entailed extra
work for the staff, Walter Patten, but-
termaker, and his assistants were
found to be enthusiastic and declared
they could turn out sufficient prize
butter for all who wanted it if patrons
speeded up production.

The Board of Directors had no solu-
tion to offer. They requested all cream
shippers to cut Coldstream, second
grade, butter temporarily and to ship
more cream. Several of the directors
stated that cream shippers would make
more profits if their cows freshened in
the month of October. Butterfat prices
were higher then. The cream was easi-
er to keep. Cows milked well all winter
and flushed again when the fresh
grass came in April.

The directors passed a resolution in-
structing the secretary to pay the As-
sociation's share of whatever loss is
taken through the export of butter
from Montreal to Great Britain. It was
pointed out by some who were closely
watching the situation that the big
surplus of butter in storage elsewhere
in Canada had a depressing effect up-
on all markets. The loss should be
spread over the industry as a whole
and would amount to very little for any
one individual or firm.

BAD ACCIDENT AT DANGEROUS CORNER NEAR PEACHLAND

Motorcycle Riders Very Seriously Injured In Collision With Truck

PEACHLAND, B.C., Nov. 19.—A serious accident occurred on Wednesday morning on the highway north of Peachland when a head on collision took place between a motorcycle and a truck. The truck, which was driven by Percy M. Brooks, of Burnaby, was proceeding south on the inside of the hair-pin curve just south of the Powers Creek bridge. He was met on the corner by the motorcycle driven by Carmelo Ongaro, who had riding with him Rita Biagioni, both of West Summerland.

The motorcycle riders were hurled from their seats and the impact of their bodies knocked off a headlight from Mr. Brooks' car.

Both Mr. Ongaro and Miss Biagioni were rendered unconscious and were very badly hurt. Miss Biagioni had the flesh torn back from her legs with both legs broken, while Mr. Ongaro suffered broken arms, broken legs, and serious head injuries.

First aid was administered by passing motorists who picked them up and rushed them to the Kelowna Hospital where their condition is reported to be very serious.

The corner is one at which many minor accidents have taken place this summer, although in each case the car in question went over the bank because of failing to make the turn.

As well as the usual signs denoting a bad curve on both sides of this point there are two red flags on each sign which have been put there in an effort to check speed on this corner which has led to disaster.

The corner although sharp is very wide as continuous grading has taken away the inside bank of the road and there is room for three cars to pass with ease while the actual point could take twice that number.

Celebrate Season's End

The packing house staff from Walter's Ltd. and the Greata Ranch celebrated the end of the season's work by a banquet at the Edgewater Inn on Friday evening after which a dance was held in the Legion Hall in which many other local residents joined. With music furnished by Saxie's orchestra from Penticton the evening proved a pleasant one for all who attended. At the close of the supper a presentation was made to James Dalgren, a member of the Walter's staff, who is to be married on December 1 to Miss Myrtle Phillips.

Plans are under way for a Community Christmas Tree entertainment to be held again this year and the committee which is formed of representatives from various local organizations met on Monday evening at the home of Mr. and Mrs. A. Smalls. It was decided to give everyone an opportunity to contribute toward this fund and as many as possible are to be approached, but all who wish to help are urged to send in their donations to any of the members of the committee which is made up as follows: Chairman, Mrs. A. Smalls; Secretary, Mrs. B. F. Gummow; Mrs. T. Roberts, Mrs. F. Young, Miss M. Goldham, Miss A. Elliott, F. C. Bradley, V. Milner-Jones and A. Smalls.

Mrs. W. C. Kelly and Mrs. Gayton, of Summerland, were present at the meeting of the W.C.T.U. held on Friday afternoon at the home of Mrs. F. Dorland. The report of the Convention was given by Mrs. Kelly which was most interesting to the members.

V. O. N. Meeting

The local Board of the Peachland-Westbank Branch of the Victorian Order of Nurses met at the home of the president, Mrs. Grant Lang, on Wednesday evening, November 14. Final arrangements were made for a special drive for funds to be made during the current month. The plans for the bazaar, supper and Indian whist drive to be held at Westbank on Tuesday afternoon and evening, November 27, were also completed. As another aid toward financing tickets are being sold on a Christmas goose and a rose silk crepe de chine wool-filled comforter. As the local nurse, Miss Grace Hill, left November 15, to take up her residence at Westbank for the next six months, it was decided to put up a garage for the car there.

After a short visit at the home of Mr. and Mrs. G. Garlinge, Mrs. George Topham and daughter, Barbara, left on Saturday for their home at Okanagan Centre.

MISS PAYNTER IS HONORED BY HER WESTBANK FRIENDS

Feted Prior To Leaving For England—Receives Many Gifts

WESTBANK, B.C., Nov. 19.—Honoring Miss Josselyn Paynter, who left for England on Saturday, November 17, a miscellaneous shower was held on Tuesday evening, November 13, at the home of Mrs. C. E. Clarke, when some thirty or more friends gathered to wish the traveller adieu.

After the many pretty and useful gifts had been opened and duly admired the remainder of the evening was spent in games and contests. Miss Paynter sails aboard the "Duchess of Richmond," from Montreal, on November 22.

Bob Hewlett is busily engaged this week in loading cottonwood logs on cars at the C.N.R. car-slip here for shipment to China where they will be used in the manufacture of toys.

Her many friends are pleased to see Miss Helen Leslie back on duty as teacher of the primary grades here, after an illness of several weeks. Miss Leslie and Miss M. Ritchie are living in the little cottage formerly occupied by Mr. and Mrs. H. I. Duggan.

Mrs. Bob Hewlett, with her little son, Bert, is spending a holiday at Salmon Arm, where they will visit Mrs. Hewlett's brother and wife, Mr. and Mrs. Tom Drought, and Bob Hewlett's sister, Mrs. William H. Stewart.

Residents of the district feel that something should be done regarding the bad corner near Powers' Creek, where at least four serious accidents have occurred within the past few months. While the turn is certainly a sharp one, the road is very wide at this point and it seems probable that if vehicles slowed down sufficiently when approaching this hair-pin bend there would be little chance of going over the bank, or of colliding with other cars.

Revive Treaty Talk

HON. WILLIAM PHILLIPS

Reports were revived in Ottawa that Canada and the United States were renewing efforts toward a reciprocity treaty and toward further discussions on the St. Lawrence waterways project, by a visit to the capital of Hon. William Phillips, United States under-secretary of state.

ODDFELLOWS HOLD ENJOYABLE RALLY AT SUMMERLAND

Thirteenth Semi-Annual Meeting Featured By Large Attendance of Delegates

SUMMERLAND, B.C., Nov. 20.—The thirteenth semi-annual meeting of Okanagan District Association, No. 1, I.O.O.F., was held on Thursday afternoon, November 15, in the Legion Hall.

The executive past president, O. Matson, Penticton, the president, C. V. Nesbitt, Summerland, the vice-president, E. G. Sherwood, Vernon, and the secretary-treasurer, J. Fell, Penticton, were all present.

Among the Grand Lodge officers present were Grand Master, E. Turner, of Westminister; Deputy Grand Master, C. Hubbard, Kelowna; and there were delegates from Kelowna, Penticton, Vernon and Summerland.

A fraternal delegation from Rebekah District Association, No. 1, who were in session in the Masonic Hall at the same time, was received. After the business the Grand Master spoke on "The Good of the Order," stressing "Co-operation and Service."

The second semi-annual meeting of the Okanagan Rebekah District Association, No. 1, I.O.O.F., started at 2:30 p.m. with President, Sister Topham, of Kalamalka Rebekah Lodge No. 6, presiding.

Assembly officers present were Vice-President, Sister S. Matson, and District Deputy President, Sister A. Lampard, both of Penticton.

Delegates attended from Kalamalka Rebekah Lodge No. 6 of Vernon; Kelowna Rebekah Lodge No. 36; Redlands Rebekah Lodge No. 12, of Penticton; and Faith Rebekah Lodge No. 32, of Summerland.

The address of welcome was given by Sister Ada Washington, Vice Grand of Faith No. 32.

A fraternal delegation from the brothers of District Association No. 1 was received.

After the business was concluded different parts of lodge ritual were shown by each of the four lodges represented.

A splendid address on "Friendship," by Sister Dore, Warden of Rebekah Assembly, was read by Sister Hughes, of Kelowna.

At 6 p.m. Oddfellows, Rebekahs and friends enjoyed supper in St. Andrew's Hall, which was served by the Ladies' Aid of the church, and at 7:30 p.m. all met in the Legion Hall.

A musical program consisting of vocal solos by Miss Alma Lott and B. Newton and violin selections by D. Dunham, were much appreciated, and Sister Matson, Grand Master Brother Turner, and Deputy Grand Master Geo. Scott, gave addresses.

PARENT-TEACHERS ASSOCIATION IS RAISING FUNDS

Lavington Organization Planning For Christmas Tree Entertainment

LAVINGTON, B.C., Nov. 19.—A most successful evening was spent at the school on Friday evening last, when a whist drive and dance was held, under the auspices of the Lavington Parent-Teachers' Association, to provide funds for the annual Christmas tree.

The affair was well patronized by Vernon friends as well as Coldstream and Lumby visitors and many hope to come again in the near future. Fourteen tables were provided for whist.

Whist prizes were won by: Ladies, Mrs. Cecil Johnston, of Vernon; gentlemen, "Andy" Nolan, with consolation prizes going to Miss Lulu Wiedman and "Bill" East.

Nearly forty dollars was the sum realized after all expenses were paid and consequently a good start for the Christmas Tree Fund is assured.

Several hunters went up to Aberdeen Lake this week end from the Lavington district.

Anglican church service is to be held in the school on Sunday next at 3 p.m., November 25, with the Rev. H. C. B. Gibson conducting the service. All are cordially invited to attend.

MINE SHIPMENTS AT PRE-CAMBRIAN

High Grade Concentrates Leave For Tacoma From Ewing's Landing Property

EWING'S LANDING, B.C., Nov. 19.—A further car of high grade concentrates was shipped from Ewing's Landing during the week to Tacoma, Wash., via Canadian National, from the Pre-Cambrian Mine.

Divine service was held in the Hall on Sunday last, with the Rev. Canon Parrott, of Vernon, officiating. Mrs. Parrott accompanied him. They brought with them Miss Leslie Ewing and Miss Lawrence to visit their parents for the day.

Mr. and Mrs. Bergman, of Seattle, motored up recently, and spent a few days at the Pre-Cambrian Mines.

Mr. and Mrs. Joss Wood drove down from Vernon on Sunday, and spent the day visiting their old home, "Woodlands."

W. V. Richards was in charge of the distribution of poppies as usual for "Poppy Day." Sheila Leckie Ewing and David Kay Johnson were local collectors.

Mr. and Mrs. Angus Gray are back at Finty after an enjoyable trip to the Coast.

The weather continues very mild. Flowers are still in bloom in the gardens, with no frost to speak of at the lake level. There was a light fall of snow in the hills on Sunday.

Mothers adopt Vicks Colds-Control Plan

Helps the Whole Family to Enjoy Greater Freedom from Colds

Doubly welcome to mothers is news that the makers of Vicks VapoRub have perfected a Plan for Better Control of Colds—to help reduce the number, duration and dangers of colds. Vicks Plan is introduced along with Vicks Va-tro-nol, the remarkable new aid in preventing colds—companion product to Vicks VapoRub, the modern method of treating colds. The Plan includes simple, easy-to-follow rules of health—to build resistance to colds.

BRIEFLY, HOW VICKS PLAN WORKS:

- TO HELP PREVENT COLDS: At that first stuffy feeling, that first nasal irritation or sneeze, quick!—Vicks Va-tro-nol—just a few drops up each nostril. Especially designed for nose and upper throat—where most colds start—Va-tro-nol stimulates the functions which Nature has provided—in the nose—to prevent colds and to throw off colds in their early stages. Used in time, Va-tro-nol helps to avoid many colds entirely.
- TO HELP SHORTEN A COLD: If a cold has already developed, apply Vicks VapoRub at bedtime. VapoRub acts direct through the skin like a poultice or plaster, while its medicated vapors—released by body heat—are inhaled direct to inflamed air-passages. This double direct attack loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Often, by morning, the worst of the cold is over.

TRIAL OFFER BY LOCAL DRUGGISTS

Get these two Vicks products and use them as directed in Vicks Plan for Better Control of Colds. Full details of the Plan are given in each package of Vicks Va-tro-nol and Vicks VapoRub. Unless you are delighted with results, your druggist is authorized to refund your money.

NOTHING TO COMPARE WITH BUCKLEY'S FOR COUGHS AND COLDS

G. Billings of Colonsay, Sask. ought to know, for he has taken BUCKLEY'S MIXTURE for years. He writes: "There is nothing on the market to equal it. Its flash-like action is sudden death to a cold."

No matter how stubborn or long-standing your cough or cold may be, try BUCKLEY'S MIXTURE. You will be amazed at the instant relief it affords. The very first sip relieves the cough, and in no time at all clears up the deep-seated congestion soothes and heals the tender, inflamed membranes and fortifies them against future attacks.

Buckley's acts like a flash—A single sip proves it.

BILIOUS HEADACHE INDIGESTION quickly relieved by **Dr. CHASE'S KIDNEY & LIVER PILLS**

YOUNG PEOPLE OF GLENEMMA FORM ORGANIZATION

Rev. William Selder Named Leader—Vernon Group Pays Visit

GLENEMMA, B.C., Nov. 12.—Social activities in Glenemma for the winter months began with the formation of a Young People's Organization under the leadership of the Rev. William Selder, O. West acting as Vice-President and Miss M. McKay as Secretary.

At a meeting held on Wednesday evening last about forty of the young people from the Vernon organization attended and put on an informal but very entertaining program, the regular program of any Young People's Organization.

Interspersed throughout the program were some very enjoyable musical selections, both vocal and instrumental, as well as some short talks.

The appreciation of the audience was evidenced by the applause which greeted every item. The evening finished up with a few games and then refreshments.

On Monday evening of the same week a bridge tournament opened with an attendance of twenty. These games, some of which will be played in the homes, and some at the Hall, promise to provide a good deal of diversion for the next two months, when the tournament will draw to a close with a final evening in the Hall.

ENDERBY ENJOYS UNIQUE CONCERT

Old Wedding Dresses Are Feature of Entertainment in United Church

ENDERBY, B.C., Nov. 19.—A unique entertainment was given in the United Church on Tuesday evening by the members of the Young Women's Association. The leading feature of the evening was the presentation of the "Family Album," by the members of the association themselves. All the costumes, the acting, and stage setting were worthy of professional artists and the presentation was thoroughly appreciated.

The bride's procession in costumes of the different periods was charming. One wedding dress of fifty-two years ago was quietly rich and beautiful and was worn by Mrs. A. Blackburn. An equally beautiful wedding dress of eighty-two years of age was worn by Miss E. Hawkins. The dress worn by T. D. Jeffers was of hand made lace and was worn by her grandmother at her wedding nearly seventy years ago. Other features of the evening's entertainment were piano and vocal selections by Miss P. Warren, Miss E. Hawkins, Miss G. Rands, Miss M. Walker, Miss Holloway, and Mrs. A. Macpherson.

Much credit is due to Mrs. Livingston and Mrs. Coulter for the efficient aid given by them in directing the training of the performers and the elaborate stage setting.

Twenty-eight dollars was realized, all of which goes to purchase new hymnals for the use of the congregation. Mrs. A. Bush entertained the Y. W. A. at her home on Monday afternoon in honor of Mrs. W. Bousfield, nee Hawkins by tendering her a post-nuptial shower.

Mrs. Bush was assisted by the Misses Utas. The room was beautifully decorated for the occasion with wedding bells and streamers. The bride was the recipient of many beautiful and useful gifts. Mrs. Bousfield was also entertained by the Pythian Sisters of the local Temple, of which she was a valued officer, in their rooms on Thursday evening and again received a large number of useful and pleasing gifts.

The Dunn family, who left Gladstone, Man., four months ago by covered wagon for Enderby, arrived here last week hale and hearty.

On an average about twenty-five miles a day was what they travelled across the three provinces.

They are taking up their residence on the old Cameron farm, which they will work for Dr. Strudwick.

High Lights and Low Downs

By R. W. B. Lowe

Fateful Day

A news item in the daily press announces that the school children of Blairmore were granted a holiday on November 7, in celebration of the anniversary of the Russian Revolution. Russia, not to be outdone, declared a three day holiday. Blairmore is not, as one might suppose, a town in Russia. Blairmore is a small town not far from the Alberta city of Lethbridge. But Blairmore has a Left Wing Labour Town Council, and a Left Wing school board.

This closing of a Canadian school in observance of a holiday of this sort is bound to cause a good deal of controversy, and rightly so. November the seventh, the day in question, the day that marked the beginning of the Russian Revolution, is hardly a day that any nation could very well be proud of. Perhaps it did mark the beginning of a new era in Russia, and marked the overthrow of an old tyranny, and the setting up of a new one, but it also marks the bloodiest slaughter that the world has ever seen. It marked the beginning of a reign of terror beside which the French Revolution paled into insignificance. Thousands and tens of thousands were to meet a ghastly death as the result of the movement that has this day as a birthday. Why then should the children of Canada celebrate it? To celebrate the acquisition of liberty is all very well, but to celebrate legalized slaughter is quite another matter.

We are rather in the dark as regards the inhabitants of this town of Blairmore, but it is fairly safe to presume that some of the trades, and perhaps one or two of the professions, are represented on that Left Wing Town Council and school board. It is more than probable that children of fathers who are engaged as carpenters, shopkeepers, or doctors, are going to the school. Has it been brought to their attention that if they had been living in Russia seventeen years ago, they would have cursed this day that they now celebrate, for it would have marked the beginning of a day that saw the slaughter of their parents, and the confiscation of their goods? For it must be remembered that it was against the "bourgeoisie," as well as the hated aristocrats that the Russian Revolution was aimed. Remember that!

The middle class was hated with almost the same measure of hatred that was accorded the titled nobility. The shop owners, owners of prosperous farms, and members of the professions fell prey to the revolution just as surely as did the dazzling court of the Romanoffs. It is all very well to hold up the Russian Revolution as a glorious slaughter of their parents, and the confiscation of their goods? For it must be remembered that it was against the "bourgeoisie," as well as the hated aristocrats that the Russian Revolution was aimed. Remember that!

Ladies of the World
There is an old saying to the effect that "A thing of beauty is a joy forever." Most people agree with the sentiment expressed in it. The world has agreed with it for countless centuries. It is strange to think of the things that stick in the memories of people, and are handed down from generation to generation, until they become myths, and yet the memory remained.

Long lost civilizations are remembered for various things, but most of them are remembered for the beautiful women that they produced. The memories of the sirens of yesterday, and a thousand yesterdays, endure when memories of battles, conquests and treaties are long forgotten.

For example, Sappho, glorious poetess of ancient Greece, will serve to remind hundreds of that country's fame and greatness long after they have forgotten the date of Marathon. Sappho, the daughter of an Arabian Nights fame, will live forever in the minds of those who know her story. Cleopatra's name serves a double purpose. Its mention conjures up visions of two mighty civilizations, those of Egypt, and of Rome. Incidentally, most people, including, apparently, a certain motion picture producer, believe that Cleo was a brunette, whereas it has been ascertained that she was in all likelihood blonde. Perhaps she was just a bleached blonde. Oh yes, as early as Cleopatra, the ladies were discovering that some gentlemen prefer blondes, and were acting accordingly. And so on, down through the centuries. Their name is legion.

Perhaps when London and New York are as Nineveh, Tyre, and ancient Rome, known only by ruins and legend, some yet unborn beauty will serve to recall their ancient glory to the future citizens of the world.

Bonny Scotland

They tell many a story to illustrate the fabled cannishness of the Scot in money matters. There is the story of the father who gave his little boy a spanking for buying an all day mackerel at four o'clock in the afternoon, and so on, ad nauseam. But one of the best appeared in the daily press not long ago, and as it concerned our own province, it is worth passing on.

It seems that about twenty-five years ago this province sent an entry of chrysanthemums to the chrysanthemum show in the good old Scotch city of Aberdeen. The flowers were exceptionally fine, and were awarded a special prize and a gold medal. Apparently the directors of the exhibition felt that they had a reputation to uphold, so they sent a bill of twenty-five dollars home with the medal. It would have been cheaper to have had the medal made here.

But in spite of all such stories, they say that the Scotch have the hardest heads and the softest hearts of any people in the world.

DELAYED EN ROUTE
LONDON, Eng.—A postcard which took twenty years to travel from Portland to Elough, England, was delivered to the addressee with an apology stating it was found in a disused letter box.

LUMBY HOCKEY CLUB CHOOSES 1934 EXECUTIVE

J. Martin, Jr., Named President—Stuart Forester To Be Manager

LUMBY, B.C., Nov. 18.—A meeting of the Lumby Hockey Club was held at the Community Hall on Friday evening, with a good attendance of young people.

J. Martin, Jr. was elected President for the coming season, with Stuart Forester as manager, and Kenneth Law, Secretary-Treasurer.

Arrangements were made for care of the rink during the skating season, and Stuart Forester and Mac Copeland chosen as delegates to the Valley League meetings.

Basketball practice started on Saturday, and there will be four distinct teams this winter, married men, and young girls; married men, and single. Banns were called in the Lumby Anglican Church on Sunday announcing the forthcoming marriage of John Adams, and Rose May Ricketts, daughter of Mr. and Mrs. Ricketts, all of Mill Road.

The Lumby Anglican Guild held a "bridge" and "rummy" party on Tuesday at the home of Mrs. F. Finlayson, the following being prize winners: bridge, ladies first, Mrs. Finlayson; gentlemen's first, Mrs. M. Pierce; playing as a gentleman, ladies' consolation, Mrs. W. Sigale; gentlemen's consolation, Rev. J. Brisco. "Rummy" was won by Miss Barbara Morris. On Saturday the prize winners at the bridge party held by the Lumby Temple Pythian Sisters, were ladies' first, Mrs. C. D. Bloom; gentlemen's first, Mrs. D. W. Law, playing as a gentleman; ladies' consolation, Mrs. R. J. Chisholm; gentlemen's consolation, Mrs. McAllister, acting as a gentleman.

The masquerade dance to be held by the Lumby Community Club will be the last dance held before Advent.

Mrs. Doran, accompanied by her son, Lawrence, returned on Tuesday from a long visit to Mr. and Mrs. E. Logie, Sumnerland.

E. G. Coombs and family have moved down from Beavertown to the old Tracey home on Shuswap Road for the winter.

First Snowfall
The first snow of the season fell in Lumby early on Sunday morning, being rapidly dispersed, however, by a drizzling rain.

Much sympathy is felt for Brook Andrews, of Creighton Valley, who has lost his horse after several days' illness; a particularly hard loss when the animal constituted the only means of transportation available every day.

JIMMY ANTOINE FACING CHARGES

Local Indian, A knowledgeable Leader of Troublesome Group, In Trouble

Jimmy Antoine, a well known Indian of the reserve at the head of Okanagan Lake, and the acknowledged leader of a troublesome group, according to the Indian Agent, has run into considerable difficulties with the police as the result of his activities.

On Monday he was given a sentence of 40 days at hard labor or the option of a fine of \$225 and \$5 costs before Magistrate Heggie in City Police Court for supplying liquor to an Indian named Joe Abel. As he did not pay the fine, he is at present serving his sentence.

On another charge of supplying liquor to Abel's wife, laid by the R.C.M.P., the charge was withdrawn.

Constable Ellington served the warrant of arrest on the man while he was confined as a prisoner in the City lock-up, and when the case came up before Stipendiary Magistrate R. M. McGusty at the Court House on Wednesday morning, the counsel for the accused man, C. W. Morrow, got the charge withdrawn on the grounds of "no service." The police state that there are other charges pending against Antoine when he finishes his present sentence.

RHEUMATIC SUFFERERS RELIEF GUARANTEED or your money back

Even if you have tried every kind of powder and capsule you ever heard of without relief, don't despair. ALLENRU, a marvelous new discovery, immediately relieves the suffering agony of rheumatism, neuritis, lumbago, sciatica, and backache or it won't cost you a cent.

FINE FISHING ON OKANAGAN LAKE

OKANAGAN LANDING, B.C., Nov. 19.—Fishing still remains excellent in Okanagan Lake. Very good catches were made on Sunday and some during the week. The average weight of large fish caught was thirteen pounds, and several from eight down to six, affording a great deal of sport to the fishermen.

Mr. Brown, who has been the station agent here for the past four months, has been moved to Oliver. He and Mrs. Brown leave on Saturday for their new home.

Mrs. Harry Curtis and Kathleen, who have spent the past two months visiting in Revelstoke, returned this week. Mr. and Mrs. Brown had as their guests on Sunday, Mr. and Mrs. H. A. Hooper, Mr. and Mrs. J. C. Hanna, and Mrs. Fred Cox, all of Salmon Arm.

SHE ATE ALL-BRAN TWELVE YEARS WITH FINE RESULTS

Delicious Cereal Relieves Constipation

Read this very enthusiastic letter:

"Something like eleven or twelve years ago, I began eating Kellogg's ALL-BRAN. When I started, it was called simply Kellogg's Bran, and I believe it was one of the first products of the kind on the market.

"My friends often laugh at my fondness for ALL-BRAN. It gives such a clean taste in the mouth, and I do not feel satisfied until I have had my ALL-BRAN.

"If the Kellogg Company should ever stop manufacturing ALL-BRAN, here is one who would be greatly disappointed."—Miss Mary Person (address furnished upon request).

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. How much safer than taking patent medicines—often harmful. Just eat two tablespoonfuls daily for most types of constipation. For serious cases, try it three times daily. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in London, Ontario.

SIR ROBERT BURNETT'S LONDON DRY GIN

Good News!

It will no doubt be good news to the hundreds of ladies who last year met Jane Taylor Allen, internationally known consultant on cooking and Director of General Foods Limited Consumers' Service Department, to learn that she will be in Vernon again on

Nov. 28-29-30

to conduct a Free "School" in Cookery. Classes will be held at 2.30 each afternoon.

KELOWNA BREAKS JINX PUT ON BY PENTICTON PLAYERS

Orchard City Wins Badminton Series In Close Fight By Good Play

KELOWNA, B.C., Nov. 20.—For the first time in several years, the Kelowna badminton "A" team defeated Penticton in an interesting series of matches staged at Penticton on Sunday, November 18. The men's doubles were drawn at two matches each, N. Solly and L. Roadhouse winning both theirs for Penticton, while the women's doubles were also halved, with the Kelowna duo, Miss M. Taylor and Miss J. Pease being undefeated. Kelowna captured the mixed event 5-3, as H. Webb and Miss Pease won their two matches, as did J. Treadgold and Miss A. Allen. I. V. Saunders and Miss Taylor lost an exciting, three set contest with Solly and Miss Beattie, but won from Mr. and Mrs. Roadhouse in another close fight. In two other outstanding matches, Solly and Roadhouse defeated the strong Interior champions, Webb and Saunders, while Miss L. Beattie and Miss S. Lewis were within two points of beating Miss Taylor and Miss Pease.

The teams lined up as follows: Penticton: Bennie, Holden, Roadhouse, Solly, Mrs. Roadhouse, the Misses L. Beattie, J. Bernard and S. Lewis. Kelowna: Saunders, Treadgold, Webb, Wilson, the Misses Allen, H. Browne, Pease and Taylor.

WINFIELD ENJOYS A BUILDING BOOM

New Homes and Additions To Buildings Make Considerable Improvement At This Point

WINFIELD, B.C., Nov. 20.—The dance held in the Community Hall under the auspices of the Associated Growers' Packing House, drew a record crowd, some 200 people being in attendance. Everyone enjoyed the evening dancing to the Kelownians Orchestra and partook of an excellent supper supplied by the ladies. After expenses are paid about \$60 will be handed over to be added to the Christmas Tree funds for the annual treat.

Mrs. F. McDonald and family, Glen Graham and Miss Fenton, of Enderby, returned on Friday from a two weeks' vacation with friends and relatives in Vancouver and New Westminster.

The annual Armistice supper sponsored by the Ladies' Aid of the Winfield United Church was not as largely attended as in previous years, but those present enjoyed a sumptuous supper. After supper the drawing for the raffle took place and Helen Cook was the lucky ticket holder in the quilt raffle. Mrs. J. Arnold won the beautifully knitted cushion which she herself had worked and donated for the raffle. It was put up for auction and realized an additional \$150, Holly Berry being the high bidder. This was followed by a short program carefully arranged by Mrs. Duggan: Recitation, Eunice McDonagh; song, Helen Cook, June and Vera Edmunds and Chiyoko Shishido; recitation, Vera Edmunds; reading, Mrs. Phillips; song, Mr. Eley. At the conclusion of the program, song sheets were distributed among the audience and some very successful community singing led by Mr. Eley, was enjoyed.

Winfield is experiencing a building boom. Cecil Metcalfe is building a new house and garage, A. Phillips is erecting a large new barn, and O. Burns and N. Arnold are putting additions to their homes.

Mrs. Munro and son, Gordon, left on Wednesday for Vancouver, where they will visit for a short while before sailing from Seattle to spend the winter with her son and daughter-in-law in San Francisco.

J. H. Aberdeen was elected by the growers to represent this district at the convention to be held to elect the members of the B.C. Tree Fruit Board.

School Honor Standing
The standing of the school for October is:

Division 1: Grade 8: Pauline Schinkovits, Eleanor Sutherland. Grade 7: Hume Powley, Darcy Gill. Grade 6: Arthur Pollard, Joyce Read. Grade 5: Motoy Koyama, Pamela Pollard.

Division 2: Grade 4: Chelan Edwards, Mary Koyama. Grade 3: Vivian Offerdahl, Eunice McDonagh. Grade 2: Douglas Elliot, Iaco Onashi.

PENTICTON ENJOYS A WELL STAGED FASHION PARADE

Styles Shown Gives Velvet A Great Vogue This Year—Public Library Gets Grant

PENTICTON, B.C., Nov. 19.—In aid of local relief, the Penticton Chapter of the I.O.D.E., of which Mrs. Morgan is President, gave a Fashion Show in the lounge of the Three Gables Hotel on Friday evening. Various prominent ladies temporarily adopted the profession of mannequin, and did it very well, while all the stores in town which deal in such things, lent their most lovely and up-to-date "creations" for the display. The sartorial impression which remained was that velvet can do no wrong. A small orchestra was in attendance, and the program was varied by musical numbers and some clever solo dancing. Two oriental attendants in elaborate fancy dress flanked the sides of the platform and acted as announcers and assistants. At the end of the show, an excellent buffet supper was served.

On Saturday, Nov. 17, the Canadian Club held its third supper meeting of the season. The guests of honor were Mr. and Mrs. R. Pinnle, of Ottawa, and the former gave an address, illustrated by moving photographs upon "Canada's Last Frontier" and present-day pioneering in those rich areas of the North which have so long been known as "Barren Lands." About sixty members were present, and an encouragingly long list of new names was enrolled during a brief business session.

The Penticton Public Library, which is generally acknowledged to be an important asset to the town, has been feeling the effect of financial stress. Because of other urgent calls, the municipality last year cut the grant usually given to assist this admirable object. However, as a result of representations made, the city council has decided to go back to its former figure and the library is this year \$100 richer in consequence.

Although the Penticton Golf Course, situated on high ground between Lakes Skaha and Okanagan, leaves nothing to be desired in respect to scenic beauty, it has a number of drawbacks which have been affecting the membership of the club adversely. It is felt to be too far from town, especially for the convenience of the ever-increasing "summer visitor" population; there is difficulty in getting a satisfactory water; and the course itself, though not large, is rather strenuous and not exactly a "ladies' course." An attempt is being made to obtain suitable ground near in, where new links could be laid out.

The advisability of starting an Antiquarian Society here is being discussed. It is felt that the whole district, especially in the early-settled Okanagan section, is full of historical interest, which dates back for a considerable period. Meanwhile, old families are passing on and old timers passing away, and a record should be kept of what they can tell us before it is too late.

AUTHENTIC SETTING IN SCREEN VERSION OF "WIMPOLE STREET"

Closely approximating a man-hunt in its intensity and wide-spread activity is the daily search for rare and authentic "props" carried on by the major motion picture studios.

The property department of the Metro-Goldwyn-Mayer studios spent months preparing settings for its outstanding costume picture, "The Barretts of Wimpole Street," in which Norma Shearer stars as Elizabeth and Fredric March's Robert Browning and Charles Laughton acts the grim father role. The picture comes on Friday and Saturday, November 23 and 24 to the Empress Theatre.

In her diary and letters the mid-Victorian poetess handed down exact descriptions of the famous house at 50 Wimpole Street, London, where she lived an invalid poetess in a large family.

These descriptions were both a boon and a shibboleth to the property department. While it knew what "props" were needed for the settings, they faced the problem of finding them.

WOLVERINE TAKEN IN SICAMOUS TRAP: RAIDED HENHOUSE

SICAMOUS, B.C., Nov. 20.—Setting a trap for marauders that had been invading his chicken run, Wm. Orser recently had a surprise, when he discovered a full grown wolverine had made a serious mistake, by trying to get away with the bait. Wolverines are not common here, according to those that know the animal life of the surrounding district, and as for catching them in a trap, that is also giving trappers food for thought. At any rate, Mr. Orser has the evidence.

The annual Armistice dance of the local branch of the Canadian Legion, took place Monday evening, Nov. 12, and was well patronized. After supper, President Frank Kappell addressed the gathering with a few words appropriate to the occasion, and also pointed out to them, the aims and objects of the Canadian Legion. A large number of visitors from outside points were in attendance. The drawing for the cedar chest offered by the Sicamous Women's Institute, took place during the evening, and was won by Frank Kappell.

A former resident of Sicamous, Mrs. Margaret O. Ross, passed away in Vancouver on Wednesday. Mrs. Ross was bereaved of her husband here, a number of years ago. She is survived by five daughters and two sons. The funeral was held in Revelstoke on Saturday last.

Preparations are being made for the joint Christmas concert being arranged for the local schools, by the respective school boards. Donations for the occasion are being received. The local Women's Institute will sponsor a whist drive and dance at the Hall on Saturday evening.
